

SOFA FAMNA 2020

DESIGNER: TAF, 2020

The meeting between contemporary design and Josef Frank's and Estrid Ericson's classic eclecticism was the inspiration behind the shape of the Famna sofa. The warm and homely qualities of a bed was a recurring thought, expressed in the form of the cushions. The name Famna (Embrace) refers to its generous depth and low seat height that invites you to a comfy rest with its embracing form. The sofa is designed by the Stockholm-based design and architecture studio TAF, founded by Gabriella Gustafson and Mattias Ståhlbom.

CARE INSTRUCTIONS

The loose feather cushions needs to be puffed up to maintain their resilience. Shake and puff up the cushions regularly and knead them to loosen up any feather bunches.

The legs are screwed on and may need to be tightened from time to time. For additional protection we recommend ordering extra covers for the armrests. Svenskt Tenn also offers stain guarding for further protection.
